
SUMMER NATURE WEEKS

Friends of Five Rivers is offering three weeks of programming for families. The aim of this program is to help parents and children grow in their understanding and appreciation of the natural world through shared activities.

This program is created for parent/guardian with children ages 2-8.

Three Identical Sessions taking place from 10:00 - 11:30 am Monday through Friday, rain or shine:

- ❖ July 10-14, 2023
- ❖ July 24-28, 2023
- ❖ July 31-August 4, 2023

Each day begins with the reading of a story from nature. Hands-on activities will follow from the theme of the story and includes exploration, discovery, games, and crafts.

Fridays will be spent by and in the stream. See clothing requirements inside this brochure.

Due to the nature of the activities, we ask that only registered children attend.
