2026 FRIENDS OF FIVE RIVERS
EVENT SPONSORSHIP COMMITMENT FORM

Friends of Five Rivers is dedicated to cultivating environmental stewardship by providing transformative educational experiences for youth and adults alike, as well as relaying the importance of the environment to our overall well-being. We believe that by fostering a deep understanding and appreciation for the natural world, we empower individuals to become lifelong advocates for environmental sustainability.

In these times of economic uncertainty and fluctuating non-profit funding, your event sponsorship support is more important than ever. Without your contribution, we risk losing the ability to continue offering valuable education programs to our community.

Will you consider supporting us through an event sponsorship?

Through our events, programs, and social media platforms, your business name will reach thousands of local area constituents. If you have any questions about this opportunity, please call 518-505-9893 or email director@friendsoffiverivers.org.
